

Publications 2000-2004

Publications 2004

[Bovet D.](#) 2004. Categorization processes in animals. In : Encyclopedia of Animal Behavior (ed. M. Bekoff). Greenwood Press. Westport, CT, pp. 255-258.

Depraz V., [Kreutzer M.](#), [Leboucher G.](#) 2004. Sexual preferences for songs in female domestic canaries (*Serinus canaria*) : can late song exposure, without social reinforcement, influence the effects of early tutoring ? *Acta Ethologica*, 6, 73-78.

Gil D., [Leboucher G.](#), Lacroix A., Cue R., [Kreutzer M.](#) 2004. Female canaries produce eggs with greater amounts of testosterone when exposed to preferred male song. *Hormones and Behavior*, 45, 64-70.

[Leboucher G.](#), Pallot K. 2004. Is he all he says he is ? Intersexual eavesdropping in the domestic canary, *Serinus canaria*. *Animal Behaviour*, 68, 957-963.

Parisot M., [Nagle L.](#), [Vallet E.](#), [Kreutzer M.](#) 2004. Dominance-related foraging in female domesticated canaries under laboratory conditions. *Canadian Journal of Zoology*. 82, 1246-1250.

[Pasteau M.](#), [Nagle L.](#), [Kreutzer M.](#) 2004. Preferences and predispositions for intra-syllabic diversity in female canaries (*Serinus canaria*). *Behaviour*, 141, 571-583.

Suthers R.A., [Vallet E.](#), Tanvez A., [Kreutzer M.](#) 2004. Bilateral song production in domestic canaries. *Journal of Neurobiology*, 60, 381-393.

Tanvez A., [Béguin N.](#), Chastel O., Lacroix A., [Leboucher G.](#) 2004. Sexually attractive phrases increase yolk androgens deposition in Canaries (*Serinus canaria*). *General and Comparative Endocrinology*, 138, 113-120.

Leblanc M.A., [Kreutzer M.](#), Eustache F., Parant H., Bachar K. 2004. Concordances d'inférences dans une tâche d'attribution d'une écriture à un locuteur. *L'Année Psychologique*. 104, 491-516.

Publications 2003

[Bovet D.](#), Washburn D.A. 2003. Rhesus macaques categorise conspecifics according to their dominance relations. *Journal of Comparative Psychology*, 117, 400-405.

[Hallé F.](#), Gahr M., [Kreutzer M.](#) 2003. Effects of unilateral lesions of HVC on song patterns of male domesticated canaries. *Journal of Neurobiology*, 56, 303-314.

[Hallé F.](#), Gahr M., [Kreutzer M.](#) 2003. Impaired recovery of syllable repertoire after unilateral lesions of the HVC of male domesticated canaries. *Animal Biology*, 53, 113-128.

Publications 2002

Appeltants D., Del Negro C., Balthazart J. 2002. Noradrenergic control of auditory information processing in female canaries (*Serinus Canaria*). *Behavioural Brain Research*, 133, 221-235.

Del Negro C., Edeline J.M. 2002. Sex and season influence the proportion of thin spike cells in the canary HVC. *Neuroreport*, 13 (16), 2005-2009.

[Draganoiu, T.](#), [Nagle L.](#), [Kreutzer M.](#) 2002. Directional female preference for an exaggerated male trait in canary (*Serinus canaria*). *Proceedings Royal. Society. London. B*, 269, 2525-2531.

[Hallé F.](#), Gahr M., Pieneman A. W., [Kreutzer M.](#) 2002. Recovery of song preferences after excitotoxic HVC Lesion in female canaries. *Journal of Neurobiology*, 52, 1-13.

[Nagle L.](#), [Kreutzer M.](#), [Vallet E.](#) 2002. Adult female canaries respond to male song by calling. *Ethology*, 108, 463-472.

Parisot M., [Vallet E.](#), [Nagle L.](#), [Kreutzer M.](#) 2002. Male canaries discriminate among songs : call rate is a reliable measure. *Behaviour*, 139, 55-63.

Publications 2001

[Bovet D.](#), Vauclair J. 2001. Judgment of conceptual identity in monkeys. *Psychonomic Bulletin & Review*, 8, 470-475.

Del Negro C., Edeline J.M. 2001. Sex differences in physiological and auditory of HVC neurons between reproductively active male and female canaries (*Serinus canaria*). *European Journal of Neuroscience*, 14, 1377-1389.

Vick S.J., [Bovet D.](#) , Anderson, J.R. 2001. Gaze discrimination learning in olive baboons (*Papio anubis*). *Animal Cognition*, 4, 1-10.

Publications 2000

[Bovet D.](#) 2000. Conceptualisation et relations abstraites : comparaison entre l'enfant de trois ans et le babouin. *Informations In Cognito*, 17, 23-32.

[Bovet D.](#), Vauclair, J. 2000. Picture recognition in animals and in humans : a review. *Behavioral Brain Research*, 109, 143-165.

Del Negro C., Gahr M., [Kreutzer M.](#) 2000. Sexually-stimulating signals of Canary songs : evidence for a female-specific auditory representation in the nucleus HVC during the breeding season. *Behavioral Neuroscience*, 114, 526-542.

Depraz V., [Leboucher G.](#), [Kreutzer M.](#) 2000. Song tutoring and adult reproductive behaviour in female domestic canary (*Serinus canaria*). *Animal Cognition*, 3, 45-51.

[Leboucher G.](#), [Béguin N.](#), Lacroix A., [Kreutzer M.](#) 2000. Progesterone inhibits female courtship behavior in domestic canaries (*Serinus canaria*). *Hormones and Behavior*, 38, 123-129.

[Nagle L.](#), Couroux C. 2000. The influence of song mode on responses of male American Redstarts. *Ethology*, 106, 1049-1055.
